JANUARY 1977

Highlights

BEING WITH BUCKY

My objective has been humanity's comprehensive welfare in the universe. I could have ended up with a pair of flying slippers.

1977 marks the fiftieth anniversary of R. Buckminster Fuller's full-time commitment to "comprehend feelingly the way nature works." For the last half-century, Bucky's visionary genius has centered around the mechanics and philosophy of problem-solving. The fruits of his work are inspired and prodigious — a staggering array of comprehensive inventions, insights, designs or techniques: the geodesic dome, the World Game, the Dymaxion house and car, a complete geometry, the implications of which are physical and metaphysical.

In the Spring of 1976, Bucky agreed to participate in a series of unique and intimate workshops, hosted and co-sponsored by his grandson, Jamie Snyder. Unlike previous lectures or seminars, which often overwhelmed audiences, these workshops were designed to invite conscious participation not only in the workshops themselves, but in the evolutionary process of nature itself. The workshops were co-sponsored and recorded by the *New Dimensions Foundation*, "dedicated to fostering communication about individual and social transformation." The featured programs this first month of the New Year are excerpts from these recent workshops, edited and reproduced for KPFFK air presentation. We have them courtesy of *New Dimensions Production* of these tapes can be purchased from *New Dimensions* exclusively: 519 Montgomery St., San Francisco, CA. 94111. (The KPFFK production is not available for distribution).

Bite your tongue. Get a cinder in your eye. When you feel good, you feel nothing

These programs have a special urgency and relevance. To Bucky — perhaps more than most people — it is painfully apparent that mankind's persistent problems are the result of vested interests, "sovereignties" of every kind and description — political, economic, environmental — a practice which has severely curtailed more enlightened possibilities for life on this "Spaceship Earth."

Bucky has experimentally demonstrated by scientific analysis that all resources necessary to human life are available and there is enough to go around — "For the first time, man has the chance to be a complete success in his environment." The dangers that we might not make it at all are indeed real and present, and they are of our own making. Bucky states unequivocally that within the next ten years, if enough people were informed and cared to apply themselves, the world could be changed. Energy, food, ecology, housing, transportation, natural resources — they are all here and it is up to us.

In a nutshell, this has been Bucky's life's work — not to change mankind, but to change our environment.

I attended the second day of the Los Angeles workshop. Like others before me, I came away convinced that Bucky is one of our most original, creative natural resources. He is a constant living reminder of our own higher possibilities: luminous, exacting clarity of thought; focussed, effortless discipline of mind and emotions; integrity; a phenomenal recall of facts; patience; balance and objectivity; humor; warmth.

And his appearance — short, solid intense in form and gesture. Eyes covered with thick lenses magnifying the lids that open and close in step with the vast rhythms of his mind and heart — huge mind, huge heart. The

amazing omni-directional circularity of his thought, exploring his subject from many angles and thereby illuminating the whole in new, unexpected, delightful, insightful ways.

And his energy: The man is in his eighties and is dynamic and vital in his learning, sharing and being.

Fifty years ago, Bucky embarked on an extraordinary journey no longer to ask questions, but seeking vigorously to make a contribution to making things work. He wanted to see what one dedicated, responsible individual could do on his own. It is in this spirit that we invite you too to experience Bucky and his vision.

Happy New Year!

"LA RAZA NUEVA" MOVES AND GROWS

La Raza Nueva has moved one hour later and has grown one hour longer. That means Monday nights from 10pm to midnight. This change reflects a desire to expand the scope of the program to include the music, poetry, literature and politics of Latin America. The program is produced by a group of volunteers coordinated by KPFFK staffer Susan Anderson.

To reflect this newly expanded concept, the producers are looking for a new name for the program. Suggestions should be mailed to the Public Affairs Department at KPFFK.

We are all very excited about this development and have been busily recording live music from Brazil, Mexico, Puerto Rico, Chile and other Latin American countries, as well as Chicano poets and musicians from the southwest. We intend to continue the political coverage of Chicano life in Los Angeles as an important element in the program.

You are invited to a multilingual, and multicultural experience every Monday night from 10:00 to midnight.

THE MORNING READING

The Morning Reading for January is the autobiographical memoir of Abraham Bisno, a Russian-Jewish immigrant born in 1866, who died in 1929. A few years before his death, he dictated this account. The unfinished manuscript was forgotten for some fifteen years after his death, when it was brought to public light by members of the Bisno family. It was published as a book by the University of Wisconsin in 1967. It is this text that the broadcast reading has utilized. Mrs. Beatrice Oppenheimer, a daughter of Abraham Bisno, brought the book to our attention and helped to instigate this project. It is a peculiarly "American" social document that tells of the immigrant experience — without gloves on — as refracted through the life of a Russian Jew who arrived here during the great period of immigration from Eastern and Southern Europe, those forty years from approximately 1880-1920. It is no accident that these years also saw the greatest growth of populism and socialism in this country and, of course, the instauration of a genuine trade union movement, despite numerous obstacles.

The reader, Henry Corden, has been active on the stage and in film on both coasts. He belongs in the select company of such performers as Zero Mostel, Herschel Bernardi, and Neheimiah Persoff, who have brought the true flavour of the "Shtetl" into American theatre.

The producer, Stanley Kurnik is a poet and musician who has produced many programs for Pacifica during the past 17 years. He has contributed poetry and translations, documentary and lectures, as well as incidental music for theatre. Moreover, he has been continually active in the cultural life of Los Angeles.

The KPFK Folio is not sold; it is sent free to each subscriber supporting our non-profit, non-commercial educational station, and contains the most accurate possible listings of the programs broadcast. Subscription rates are \$25 a year for working adults, \$15 for students, retired or unemployed etc., and \$65 for the 3729 Club. Free subscriptions are given to prison inmates on request.

Our transmitter is on Mount Wilson. We broadcast in stereo multiplex with an effective radiated power of 112,000 watts. Our broadcasts are Dolby "B" encoded with 25 microsecond pre-emphasis. We broadcast Dolby calibration tones Monday through Saturday at 8pm. Our studios and offices are at 3729 Cahuenga Blvd. West in North Hollywood, CA. 91604. Phones: (213) 877-2711 and 984-2711.

KPFK is owned and operated by the Pacifica Foundation, a non-profit institution. Subscriptions are transferable to the other Pacifica Stations: KPFA, 2207 Shattuck Ave., Berkeley, CA 94704. THE MOST ANSWERED ANSWER

Our computer (HAL 5001) is located in Berkeley, which saves us a lot of money but is inconvenient. We send subscriptions information to the machinery once a month and it returns the Folio labels, bills, renewal letter labels, and income statements a few days later. We send the information up on the second Wednesday of the month.

SO—if you send us your check around the 8th of the month, by the end of the week you will be all signed, sealed, labeled and credited and you will marvel at the miracle of efficiency of the electronic age.

BUT—if you send us your check around the 10th, the machinery will not know for about a month. Your Folio will not start (or continue) until about 6 weeks later and you will have another bill generated several days after you have paid it (and mailed to you a week or two later). Then you may well curse the stupidity of the messed up computerized depersonalized machine age.

THEREFORE—if you receive a bill or renewal notice after you have paid up, you may be one of the 95% who just missed the machine feeding date. Don't panic! It saves us hundreds of dollars to have the machinery up north and it only costs us a few dollars in postage to send out some paid bills every month.

SUBSCRIPTIONS

THE MOST REQUESTED REQUEST

Please always send a bill with your check. A \$15 payment, for instance, might be credited as a 3729 Club payment, a straight donation to the station or the expansion fund, or a payment on a pledge or renewal or a new subscription. If we are billing you and receive your check without an accompanying bill, we may credit you with an \$X payment and still bill you for the \$X payment and everything gets mixed up. So—always send a bill or renewal form, or at least a letter of explanation. Also please be careful about different names and addresses on your checks—letters—forms and be sure to indicate who you are and where you live now.

MOVING

The Folio will NOT follow you automatically when you move. It will be returned to us with your new address on it (after a few weeks at a charge of 25 cents) and we will change your address in our files, but probably not in time for the next Folio or even the next one. So, if you don't want to be excluded, fill out the change of address coupon on the inside back page. If we receive it before the middle of the month, you won't miss one Folio. (We get 500-1000 changes of address per month, so advance notice saves us a lot of postage and keeps everyone happy).

"I DIDN'T GET MY FOLIO"

The Folio is mailed around the 20th of the month. If you have not received your Folio by the first of the month: (1) check your subscription expiration date on the previous Folio label (upper right hand corner of label). (2) Make sure you haven't moved without notifying us. (3) If you haven't moved and are currently enrolled as a subscriber, contact your local postmaster about delivery. (4) Send us a previous Folio label with an explanatory note or call for a new Folio to be sent out to you.

FIRST CLASS FOLIOS

If you want to be assured of always getting your Folio very early, then for \$5 a year (pro-rate at 50 cents per month for current subscriptions) we will send your Folio First Class—mailed around the 20th of the month.

CASSETTE FOLIOS FOR THE BLIND

The Folio is available on cassette (returnable) to all blind subscribers. If you would like to receive the Folio in this form, please tear off the address label on the back of the Folio and send it along with a note stating that you would like to be on the special blind mailing list (or you may call). Within two months you will be receiving your complete program guide on cassette.

ccc action PAY LESS 1976 INCOME TAX CCC CAN HELP

If you apply before December 31, 1976

CCC's Insurance & Financial Services Division can now help eligible 3729 Club members with their financial planning for estate, retirement, pension, and income tax qualified deductions.

FOR EXAMPLE

If you are not now receiving credits and deposits toward an individual retirement plan (annuity) or pension, you are eligible for enrollment in either of two IRS tax qualified retirement plans (I.R.A. or H.R. 10)

As an employee, you may open an I.R.A. which will allow you to deposit up to \$1,500 of the money paid into Federal income taxes (withholding F.I.C.A.) into a qualified retirement annuity. This special account builds savings plus interest for you. AND you are eligible to reduce your taxable income up to 15%. Yes, you now have the choice of saving up to \$1,500 each year instead of paying it to the I.R.S.

If you are self-employed, you may be eligible to reduce your personal taxable income up to \$7,500 a year — by opening an I.R.S. qualified Keogh (H.R. 10) plan.

BY APPOINTMENT ONLY

CCC can assist 3729 Club members in the proper selection of all types of savings plans, insurances, planning and professional services by personal appointment in your office, home or CCC offices.

DECEMBER 22 IRA APPOINTMENT DEADLINE

For an appointment to review and consider eligibility and the advantages of a CCC recommended I.R.A. or Keogh plan for 1976, contact CCC Membership Services now for an appointment: (213) 624-3961. You must, however, be a current 3729 Club/CCC member, and you must have an appointment scheduled before December 15, 1976.

PLAN AHEAD NOW!

For other tax, financial or insurance planning services information, write or phone CCC Membership Services, 403 W. 8th St., Los Angeles, CA 90014, telephone (213) 624-3961.

FILM OF THE MONTH CLUB

JANUARY FILM OF THE MONTH INFORMATION IS NOT AVAILABLE AT PRESS TIME

Which gives us a nice opportunity to remind old members and new of how the club is run.

When the Film is not in the Folio, you can learn of it in two ways: 1) listen to KPFF. We'll make announcements several times a day for about a week before the screening(s). These announcements will always be heard at 8:59am and 5:59pm during this period, other times as scheduling permits. 2) send us a pack of stamped (9cent) self-addressed postcards. Then, when there is an unscheduled bonus film or crucial information about the regular film which didn't get in the Folio, you'll get personal notification. When the cards run out, we'll let you know.

WHY RESERVATIONS ARE NECESSARY: There are more 3729 Club members than seats at each month's major feature. That's OK, because not everyone wants to, or has time for, every film. But if we didn't have reservations, we'd run the risk of having members travel great distances only to find the theatre filled. If you consider reservations an inconvenience, put yourself in the position of the valiant volunteers who spend a day or two (or four) each month taking your calls. They work for hours under great pressure (there are rarely as many volunteers as there are phones ringing) — just so *you* can see the films. In that context, making one phone call may not seem so bad. And if you've been getting a busy signal, remember that the flood of calls abates after 12:30pm. If the film is being shown twice at our regular spacious theaters (Los Feliz, Monica Music Hall, or Royal), it's unlikely to fill up by then. If it's a single bonus screening at a small theatre, remember that it's just a limited offer. We can't promise you anything, and if going means enough to you, it will be worth the race against the clock and any inconvenience.

WHEN CAN RESERVATIONS BE MADE? Reservations times are included in the Folio listing, or announced on the air. **RESERVATIONS ARE NEVER TAKEN AFTER 5pm. NEVER** (unless we've made a special on-the-spot announcement) 985-5735 is not connected to the station switchboard, and the latter is itself open only between 10am and 6pm weekdays. Our volunteers go home at 5pm. Promptly. Anyone else who might answer the phone by accident is not able to take a reservation — the lists are not available. If we announce that "reservations will be taken beginning at 11am," that means that they will begin at that time, and continue until the screening is full. **BUT NEVER PAST 5pm.** Reservation *days* usually follow a formula. If a film is shown once only (say, Saturday), reservations are taken on the closest weekday (Friday). If the film is shown twice, reservations are taken Thursday and Friday. As we have more time to study the use of reservation time, we may find that it is possible to take all reservations, even for two screenings, on one day. Extenuating circumstances, like holidays or Christmas Iairs, sometimes demand different reservation days — and these are announced clearly.

WHY RESERVATIONS CAN'T BE MADE IN WRITING: Even when we take reservations on Friday for a Saturday film, a sizeable percentage of the persons who have reserved seats don't show up. Increasing the time lag between reservations and screenings would only aggravate the problem.

FINALLY — The cooperation and generosity of many people are required to make the film club a reality. It is run virtually without expense to the station. That way, your donations to KPFF really go into radio programs, and not into the overhead of running a film society, which we definitely *are not*. Your continued cooperation and understanding will enable us to continue to enjoy the benefits of the Film of the Month Club together.

PS: Please bring your 3729 Club Card with you to each screening and show it at the door.

Stereo.

2:00 THE JEWISH EXPERIENCE

Professor Jan Dizard, Anthropology/Sociology Department, Amherst College, outlines the progress of Jews in U.S. society, where many have risen "fast and far" despite "gentlemen's agreements" (anti-semitism). He traces social development after large-scale immigration began in the mid 1800's, contrasts the reform minded, skilled, sophisticated German Jews with their brethren from the ghettos and villages of Eastern Europe. In discussing the neurotic vulnerability characterized by modern writers like Philip Roth, Dizard sees a response to oppression and the attenuation of culture. He discusses the significance of the Jews' neglect of religion in favor of secular scholarship, their place in the labor movement, the role of self-help organizations like the American Jewish Committee. Produced by WFCR.

- 2:00 **THE ROLE OF THE WRITER IN AMERICA - SAUL BELLOW**
A spirited discussion by four celebrated writers in which Saul Bellow is charming and witty as he contends that it is the role of the writer to experience and interact with society in a personal immediate way. The writer should not be isolated by his art, he feels, but should use it as an avenue to explore his humanity. Dorothy Parker stresses her view that "the function of the writer is to write, not to look up at society or down on it, but to look around at it." Wright Morris and Leslie Fiedler maintain that the writer's function is to destroy that which binds and limits the ability of humanity to experience truth and human growth. Recorded at the Esquire Writers Symposium in 1958. (More next week at this time)

Buckminster Fuller's Dymaxion 4-D Automobile was featured at the 1934 Chicago World's Fair

- 2:45 **ACT OF LOVE**
Lawyer Robert Ansell and author Paige Mitchell disagree on proposed euthanasia laws, but both see eye-to-eye on the strange and unheard-of purity in the act of Lester Zygmanski who, in June of 1973, kept his promise to paralyzed brother George by walking into his hospital room and killing him with a shotgun blast. Ms. Mitchell's book, *Act Of Love* stretches conventional concepts of morality, just as Mr. Ansell's success defense of Lester helped to broaden certain limited concepts of law. Mitchell and Ansell share their haunting encounter with the Zygmanski family in a unique program rich in legal, sociological and emotional insights. Produced by WBAI

2:00 WHO IS SAM JACKSON? A
MEMORIAL TO DALTON TRUMBO
 "Sam Jackson" was only one of the pen names imposed on Trumbo by the blacklist — his Oscar-winning script *The Brave One* was written by "Robert Rich"—but the talent and stubborn integrity were all his own. In this recording of Trumbo's memorial service, the novelist-screenwriter is remembered by fellow writers Ring Lardner Jr., Michael Wilson, Dorothy Healey, Ian Hunter, Kirk Douglas and minister Steven Fritchman. Trumbo's clash with the HUAC and subsequent imprisonment, as well as more personal episodes of rebellion, are among the memories shared in this special program on a unique American "man of letters". Produced by Jim Berland.

 The art of Joseph Hoffman (born January 1876). Leonid Hambro plays live and humbly compares his performances of the music of Felix Mendelssohn — the *Introduction and Rondo Capriccioso*, *Spinning Song* and other *Songs without Words* — with Hoffman's interpretations. Stereo.

American writer Saul Bellow was awarded the Nobel Prize for Literature last year. To honor one of a select few Americans presented with this prize, we have chosen two programs in which Bellow participated. These programs were from a series of panel discussions recorded at the Esquire Writers Symposium in 1958. (Mon. Jan. 10 and 17 at 2pm)

2:00 THE WRITER AS ARTIST
 —SAUL BELLOW
 In this discussion, Dorothy Parker insists the term "artist" has been stretched too much. Saul Bellow claims writers who get into social reform are "looney." Leslie Fielder says hardly anyone feels the need for art and that writers are expected to perform as representative figures. Ralph Ellison refuses to buy the argument that corruptions are inherent in the academic life of writers, while Wright Morris complains that America's passion for caste keeps the intellectual on the fringes of society. From a series of panel discussions recorded at the Esquire Writers Symposium in 1958.

3:00 WELCOME TO THE MACHINE REPRESSIVE LAW

The New York Times and Boston Globe say that Senate Bill One, the Criminal Justice Reform Act, sometimes known as "Nixon's Revenge," is dead for this year, but don't you believe it. Interviewee Dan Crystal, participating lawyer with the New Jersey Coalition to Defeat S-1, describes the bill as "hooby trap after hooby trap... a minefield of bad legislation," warning that, although opposition to S-1 has succeeded in getting some sections dropped, other dangerous sections remain under new numbers, while certain Supreme Court decisions are doing what S-1 would have done with legislation. In a conversation that can only be called frightening, Crystal delineates the aspects of S-1 which make it a blueprint for a future police state and points out the many questionable methods its proponents have utilized to try to get the bill passed. Produced by Linsey Audin, WBAI.

6:30 **HAS THE (RED) LINE REALLY TURNED?**

A year ago the issue of redlining became a cause on the part of realtors, public officials, and minority interest groups. Protests were launched over the practice of many financial agencies to deny housing loans to minorities or low income persons in selected geographical areas. As a result, there were many promises and proposals for change. This two-part special will look at the developments in the fight against redlining in the past years. Produced by Earl Ofari. (Part II broadcast next week at this time).

11:30 GOD HAS NO GRANDCHILDREN

Beginning about 1735, a decade-long
"great awakening" of evangelical fervor
swept the 13 colonies from New England
to Georgia. Puntans and other religious
dissenters had emigrated intent on build-
ing a "new Jerusalem," on recreating their
faith in the spirit of Christianity's first
300 years. The Rev. Frank Dorman, in
describing this period of ferment, traces
the fundamentalist-rationalist controversy
in U.S. religious history, and shows the
link between the "revival meetings" of
Jonathan Edwards and our own true
faith healers. Produced by WFCR.

The New Los Angeles FREE PRESS

FREE LOVE, FREE BEER, FREE RENT, FREE PRESS.

TO HOSTILE OBSERVERS of the events of the Sixties, this was about the size of it. For those in the eye of the storm, however, ideas of real importance were being spread around like baseball cards, hand to hand, with a remarkable enthusiasm. As the moguls of the six-o'clock news and the daily newspapers had difficulty keeping up, it was no real surprise to see the appearance of a number of small newspapers acting as forums for these events. One of the most important of these was the Los Angeles Free Press.

I HAVE RESERVED this space to tell the reader something about this newspaper and why it appears.

The reader, hopefully, will be concerned enough to ask and has a right to know, if we have any political commitments or affiliations which will influence the way this paper is edited. You will perhaps also want to know why we feel that a new publication is necessary in the Los Angeles area and what we hope to accomplish that is different than other existing publications.

If in the following we do not answer these questions to your satisfaction, or if there are other questions relating to this publication which you would like answered, please feel free to write a letter to the editor or, if you are so inclined, even an article.

We naturally can't promise in advance to print every letter or article we receive but when you look at this issue, and particularly at those to follow, you will notice that we are not afraid to print controversial material and let the writer have his say. It is a general rule in this newspaper that if anyone has anything to say on an important community issue and can say it well, he or she will have their day in print. That is why we call ourselves the Free Press.

We, of course, don't plan to print material that will land the publisher and his staff in jail for libel. But short of that area and those restrictions imposed by space in our columns and the need for journalistic balance, we plan to print every provocative, controversial and, yes, even reverent article our writers and readers submit that is related to the civic and cultural life of our city.

This last comment brings us to another point. We are fundamentally a community newspaper. We plan to focus on Los Angeles and to a lesser extent on California affairs. We do not plan to deal with national and international events. In our opinion, there are a number of adequate newspapers and magazine available to our

readers for the latter purpose while there are many areas of local life which are inadequately reported.

As everyone knows, the press in Los Angeles has a deserved reputation for being quite conservative in their editorial policies and reporting. The liberals, among whom we class ourselves, usually do not get adequate news coverage about the specific things that concern them. This is the journalistic vacuum that we plan to fill. While we are an open platform, we particularly plan to be the place where liberals can express themselves and discuss their own differences. As a newspaper, we feel our particular function is to provide information to link together the various sections of our far-flung liberal community in Southern California.

A question then emerges: Is the Free Press free enough to print material disagreeing with liberal organizations? Absolutely. We were confronted with precisely this situation in preparing the issue of the Free Press on the Bank of America versus CORE, more-or-less convinced that the bank's position was justified. We planned to print the article this was even though the publisher has a long-standing personal relations with the civil rights movement and then invite CORE to submit for publication a statement of its own side of the story. As it turned out, our reporter became convinced of the validity of the CORE position by the facts that emerged as she did her research. As a public newspaper free of organizational commitment, we are going to print the shots as our writers call them (regardless of the personal opinions of the publisher) and then invite comment and rebuttal.

In a similar fashion, this publication is not committed to the partisan defense of any political organization, despite the political beliefs or affiliations of any of its staff members. We will present material, if necessary, "knocking" any political party, whether it be Democratic, Republican or Socialist if we feel that on the local level they are taking stands detrimental to the interests of the community.

Does this mean that this is a newspaper attempting an absolutely faceless, neutral point of view? No. The staff members presently putting this publication into print definitely maintain a liberal point of view against segregation, for civil liberties, and for the use of the tax dollar in a fashion which benefits the citizenry and not the pockets of construction companies. We are definitely committed to the principles inherent in a democratic ordering of society wherein all citizens have the right to meaningfully par-

As often happens in life, the Free Press has had its ups and downs over the years, and lately there has been a good deal of speculation about the paper's present intentions. To clear the air and put our cards on the table, this seems as good a time as any to reaffirm the original goals of this newspaper as stated in the first edition given general circulation here in the summer of 1964.

Though the reader may find a certain antique flavor in the following, the ideas and aspirations expressed remain the same for the present staff. If they still make sense to you, you'll find a handy subscription form at the bottom of the page.

to participate in community political and social life. As a newspaper of the type we have been describing, we hope to add to Los Angeles life a new dimension of democratic society, a truly free press.

There is one area of commitment we do have which we feel necessitates statement. We believe very strongly that society should avoid attempts to impose arbitrary limitations upon the natural desire of the creative artist to explore in areas beyond the normal conventions of organized society. We believe that to stifle the artist may seem to be a defense of social standards but serves actually to narrow the horizons of civilization.

With this in mind, we have and will in the future come to the defense of the artist in most if not all of the obscenity cases as well as in all other cases where organized society unwisely and unjustly uses its police powers against individuals or groups.

While we have a great interest in the cultural life of the community, we want to make it clear, particularly to potential contributors, that we are fundamentally a newspaper, and not a literary review. As a newspaper, we seek in each issue to report and comment on civic events ranging from city planning to its larger aspects to the removal of benches from Pershing Square. Too often the

liberal is an expert on foreign policy but not sufficiently involved in the local areas in which he can make immediate progress in the circumstances of his own life.

Finally, we must bring to the attention of our reader that this Free Press costs much money to produce. Even though our writers are presently donating their valuable time and the human response of other volunteers has been most wonderful, yet it still takes hundreds of dollars each week to produce this newspaper—and there are no angels.

If this newspaper does not immediately gain the support of the community in regard to subscriptions and advertising, we will very quickly have to close our venture. We don't expect you to like or agree with every article in this newspaper (there is not one staff member who "likes" or "agrees" with all the pieces in this issue) but we do hope that you sympathize enough with our general objectives to give this newspaper a chance to prove itself. Ten thousand subscribers can support the Free Press. A hundred or more subscribers each week until the larger goal is obtained can keep the printer paid. Won't you do your part by sending in your subscription today and asking your friends to do likewise?

— Arthur Hunkin
